Ann, it's been such
a long time since I seen
You. Well have to get
together some time.
Take care and have
a nice time, in Texas.

If you think you're beaten, you are.
If you think you dare not, you don't
If you like to win, but think you can't
It's almost a cinch you won't
If you think you'll lose, you've lost
For out in the world you'll find
Success begins with a person's will
It's All in the State of Mind
Life's battles don't always go
To the stronger or faster man
But soon or late the man who wins
Is the person who thinks he can.

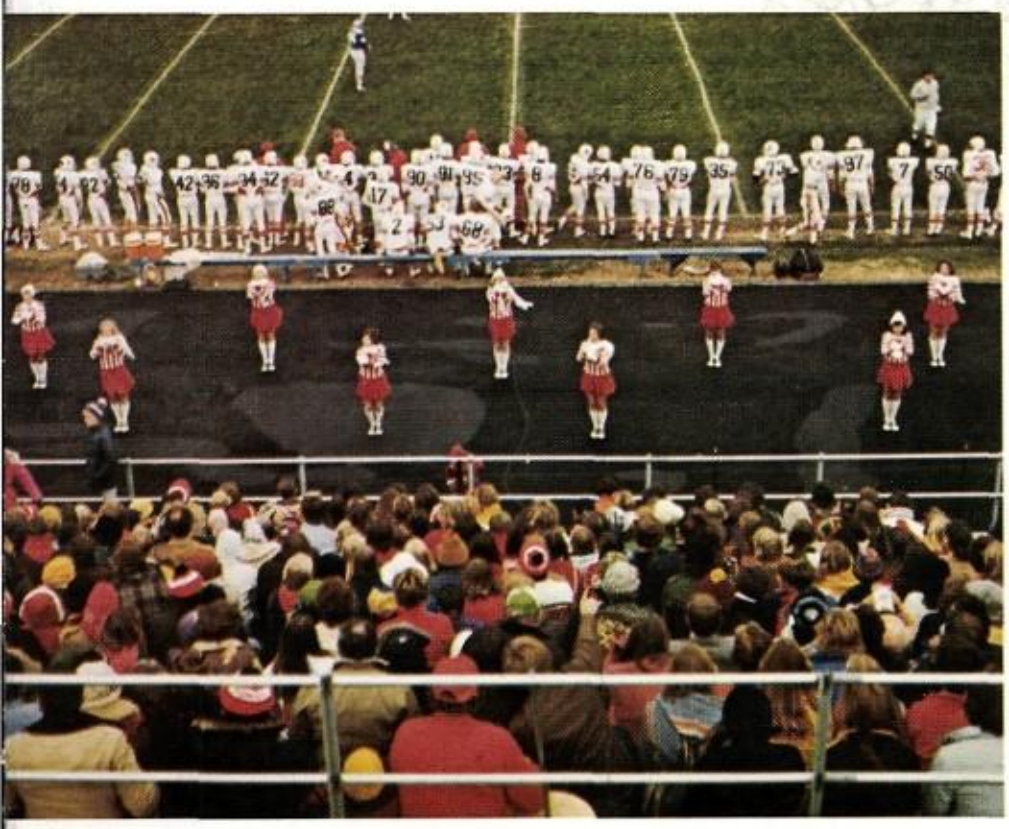
1976 Homecoming Royalty
Queen: Debbie Thompson King: Jeff Peterson
Attendants: Chris Kraft, Kim Utecht



Valley football fans supported the team enthusiastically.

Much of the school spirit was led by ten capable cheerleaders.

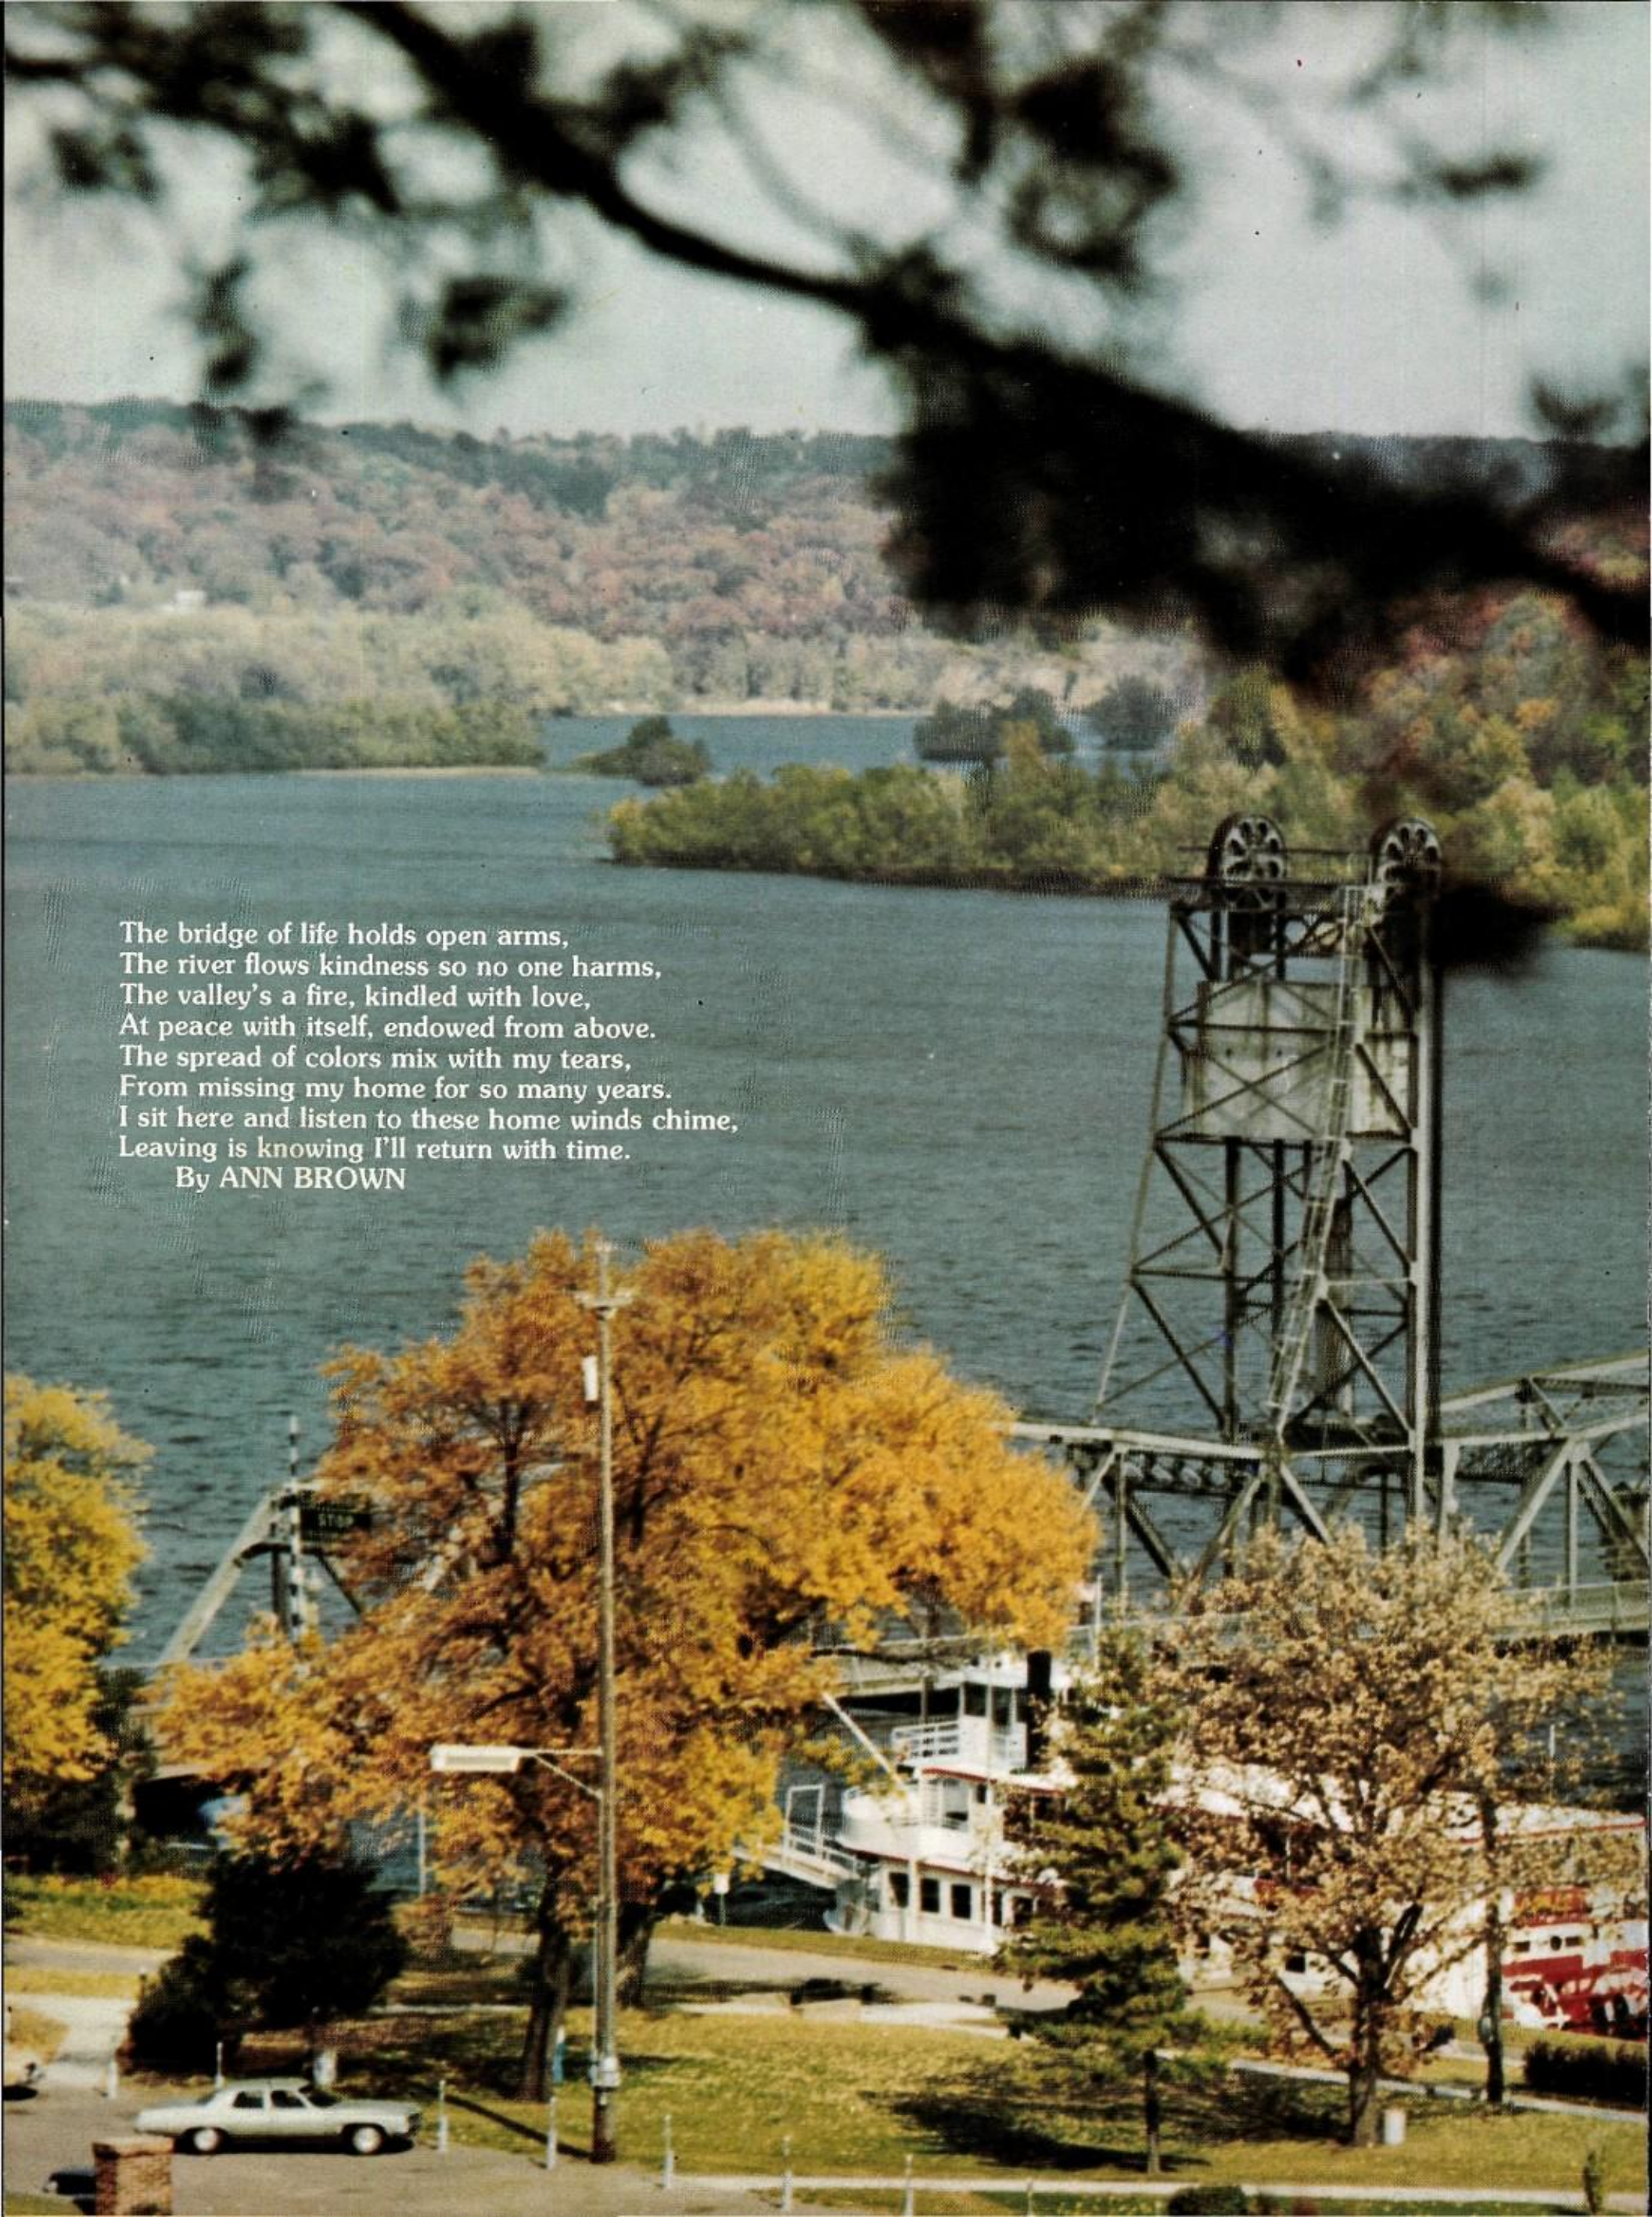
RIDING ALONG, SINGING A SONG, THEY — BELONG!

HOMECOMING CORONATION

Queen: Debbie Thompson King: Jeff Peterson. Chris Clark, Joe Walsh, Julie Gunderson, Mark Miller, Linda DeReu, Tom Nolan, Camille Connel, Jim Young, Chris Kraft, Charlie Webster, Kim Utecht, Steve Moosbrugger, Vicki Godeman, Greg McDonald, Denise Switala, Keith Farnham, Jean Demoski, Steve Hesse.

Winter, Spring, Summer or Fall. The queen candidates stick together and give their call!

HEY, anybody going my way? I'm the real star of this show!



The bridge of life holds open arms,
The river flows kindness so no one harms,
The valley's a fire, kindled with love,
At peace with itself, endowed from above.
The spread of colors mix with my tears,
From missing my home for so many years.
I sit here and listen to these home winds chime,
Leaving is knowing I'll return with time.

"TWAS THE Night Before Powerpuff:"

Twas the night before Tuesday of October the 12th,
When all of the players were in tip top good health,
Their flags were all tucked awaiting the night,
When powder puff's blast off was well into flight.
The Juniors were ready, their defense all planned,
The seniors were proud of their offense well manned.
Now both teams were ready for the big football game,
When one of the teams would fall into shame.
Each player was dreaming of their teams winning score,
But what came with the day was, oh, so much more.
The morning bell seemed to trigger commotion,
Of Johnson's powder and shaving cream lotion.
Each girl showed a mark she was part of a team,
With her jersey soaked in shaving cream.
These stunts didn't sit well with most of the staff,
Please just forgive us on our behalf.
A pep-fest was next for the fine afternoon,
Tenseness was mounting on a game played so soon.
At half passed seven the kickoff in air,
The odds were even as the game was played fair.
The seniors came up with the first big score,
For the rest of the night they had no more.
Excitement mounted on the junior side,
Til Conlin took it all in stride.
As time ran out it remained a tie game,
6-6 with a tie-breaker and the score stayed thee same.
Each player exclaimed as they rode out of sight,
"This really has been one heckuva night!!!

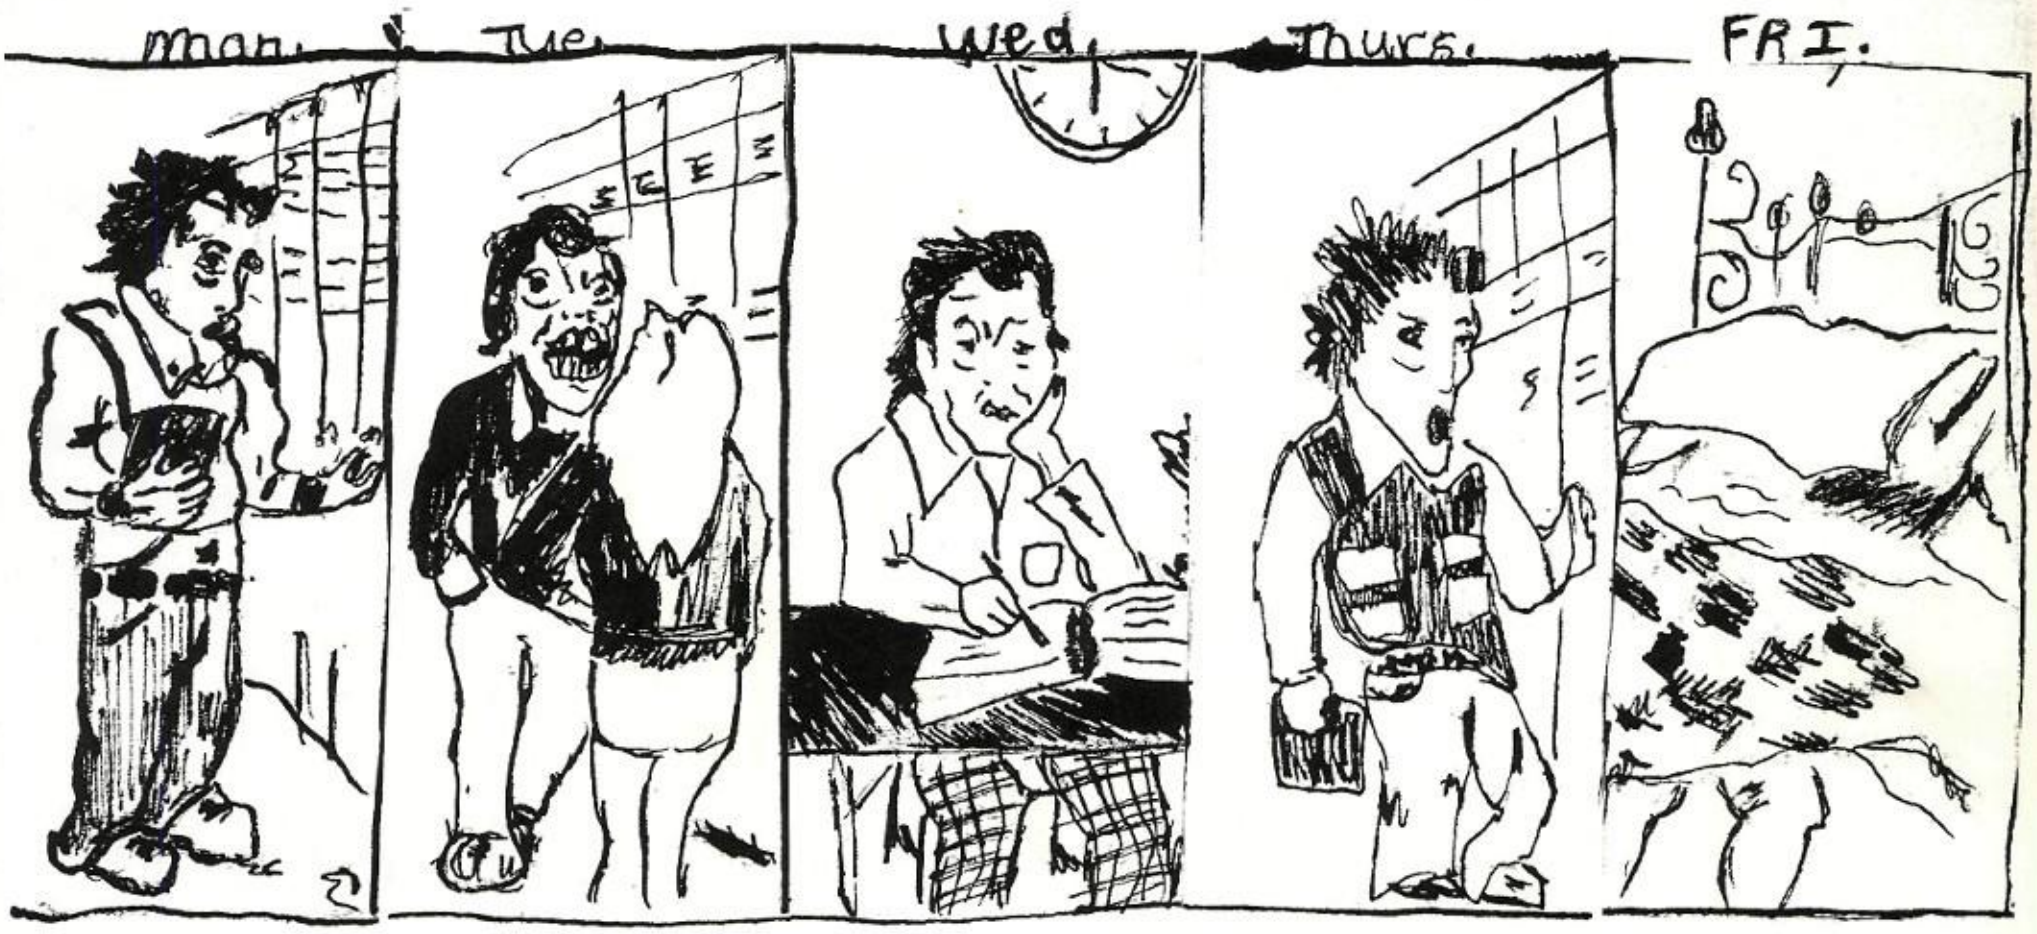
Education is Involvement



"Can't wait till the weekend to C R A S H."

Time reminds me, we may never pass this way again, but carry with us the joys and sorrows of days gone by.

Let the sky be filled with darkness and a wild wind violently fill the air, should we not have the time to warmly embrace an old friend.

Can we so easily forget the burdens shared, and words of comfort so gently spoken by lovers and friends we've come to know? If so, then we desert them as we desert ourselves. Should the world grow so large we become separated, let the roads lead us together in a garden of our dreams. For we are here to be for all and with all for what we do today in our solitude will be echoed by the people of tomorrow.

We will endure a heartless feeling of loneliness if we know not what we have until it's gone.

Keep with you my friend, your memories of the past, as you enter the reflections of your dreams come true.

Peace, love
and happiness

THANKS

The 1977 Kab Staff has had an excellent year "for putting it all together." We have had our good times as well as bad, but always had friends to carry us through.

A special thanks is in order to the Photo Club who help us make our deadlines and produced exceptionally fine work. Especially Mark Anderson and Steve Gimmestad who were our main men. Also other members of the club such as John Mlinar, Mark Schoess, Snorre Tonset, Mark Knowles and Steve Oelke who contributed their photography talents to put things in shape. A person can really appreciate all the talent that's around them when they work with classmates that show effort and creativity that was of many times unexpected. Namely Ann Brown, Jim Rude, Jim Brooks, and Bill Blackburn.

All of these people gave their time and effort to make their contributions add up to something. And when the finished product came out, everyone knew that it had come to something and had a special meaning to each of us.

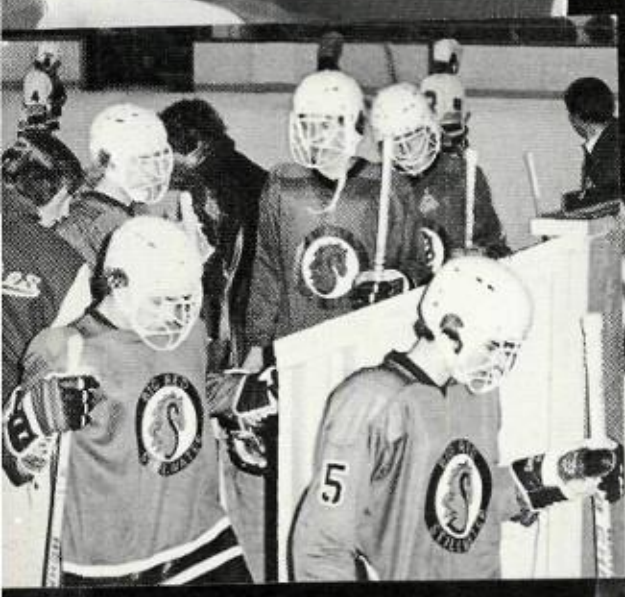
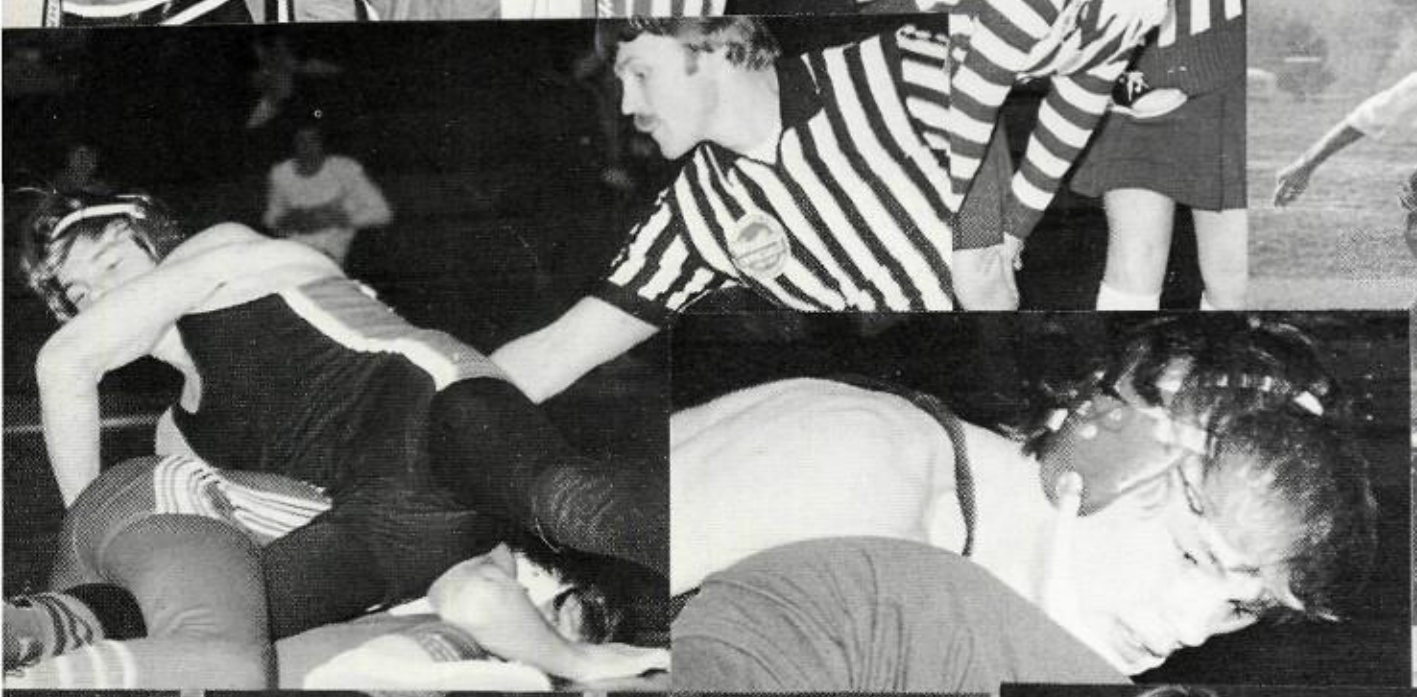
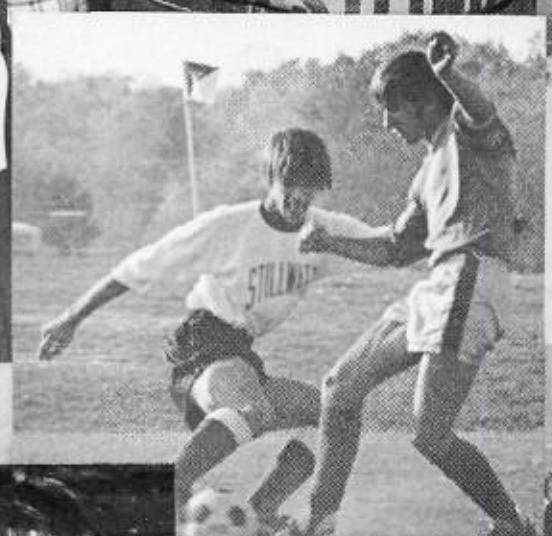
STILLWATER
WRESTLING







STAFF

Time was when readin', writin' and 'rithmetic were all the education you needed. Today, subjects and courses have moved beyond the basic 3 R's for existence in a competitive society.

English, once just a grammer and literature course, has expanded to cover areas such as Death, and the study of Man. Mathematics courses now range from General Math to Probability and Statistics.

New teaching methods, books and equipment as in the Industrial Arts courses, are constantly explored to give the students a better education. Slide rules are being replaced with pocket calculators and shop classes with their advanced electronic equipment seem more deserving of their vocational status.

Yes, the time's are a'changing, so that the 3 R's of 1976-77 could very well be ribosomes, Renaissance, and rhetoric.

LAMENT

Today's the day I graduate;
To this school I come no more.
This my goal of the past twelve years,
is what I've been waiting for.
The days were laced with fun and games
Along with my growing up:
I've developed a personality —
I've had to measure up;
Not only on tests and with teachers —
I had to make it with my peers.
And now that struggle is over,
I feel like shedding tears.
I'm going to miss the notes and such
We passed along the halls.
With the diploma comes a sad thought:
My adolescent years are gone —
Now I must face reality.

I like SHS because: I only have 4 days of school; that's the initials of my girlfriend; all of the cute guys; there's the same nice looking chicks; the teachers are nice; I get free transportation to Stillwater to see my friends; the doors are blue; I can freeze without going outside; party, party, party.

My School spirit consists of: 3 things rah; rah & rah; fighting my way thru the halls; girls, girls & girls; wine, woman & song; writing on bathroom walls; participating in school sports; supporting the teams; being squirrely; whistling & stompin & love for my fellow athelete; a twelve pack; yelling my head off.

I like being a junior: because that means I'm a senior next year; I'm the middle man; when you get picked on by a senior you can walk around the corner & pick on the sophomores; we're the only decent, sane, intelligent people in this place; I'm not a sophomore; because we know how to party; I've got nothing better to do; we're one step ahead of everybody; we have class; we make things happen.

I think this yrs. sophies are: rug-rats!; totally obnoxious; gonna get killed in Powder Puff next year; a bunch of brats; sexy & pretty decent; too small for school; unbelievable; just like last years; a disease; visiting from some other elementary school.

Eating in the cafeteria means: watching a farmyard at feeding time; deciding which is more edible the tray or the food; fighting for a chair and a place to set your food; plop plop, fizz fizz afterwards; laughing in the face of death; receiving nourishment to the mind, body & soul; hearing all the latest gossip; capital punishment; togetherness; a fate worse than death.

Goodbye My Friend
Tears shared, times loved, moments saved,
The road to friendship is never paved.
It had to work from the start,
But now, by friend, our roads must part.
School days, summer eves are memories true,
But as they end I feel so blue.
Moving opposite ways on the earth,
To places unknown at our birth.
It seems too far from where we belong,
This starts the melody of the song.
Taking it in stride is a painful thing,
The phrase "growing up" is a hard one to sing.
Apart in miles, staying close at heart,
"Goodbye my friend" is a sad way to part.

I couldn't stop laughing when:
the teachers and students played the grapefruit game at a pep fest; Mr. Thole was telling jokes at one of our Tuesday practices; a teacher of mine was talking to the class & said "Up your nose."; I learned who my teachers were, then my laughter turned to tears; Steve Moosburger asked that homecoming queen canidate to hold his books; Mr. Vinar told Sharon her purse looked like a suitcase; Mr. Madsen said "Excuse Me" to a chair, Mr. Timm talked in his "weird" voice; Martha Albertson started laughing.

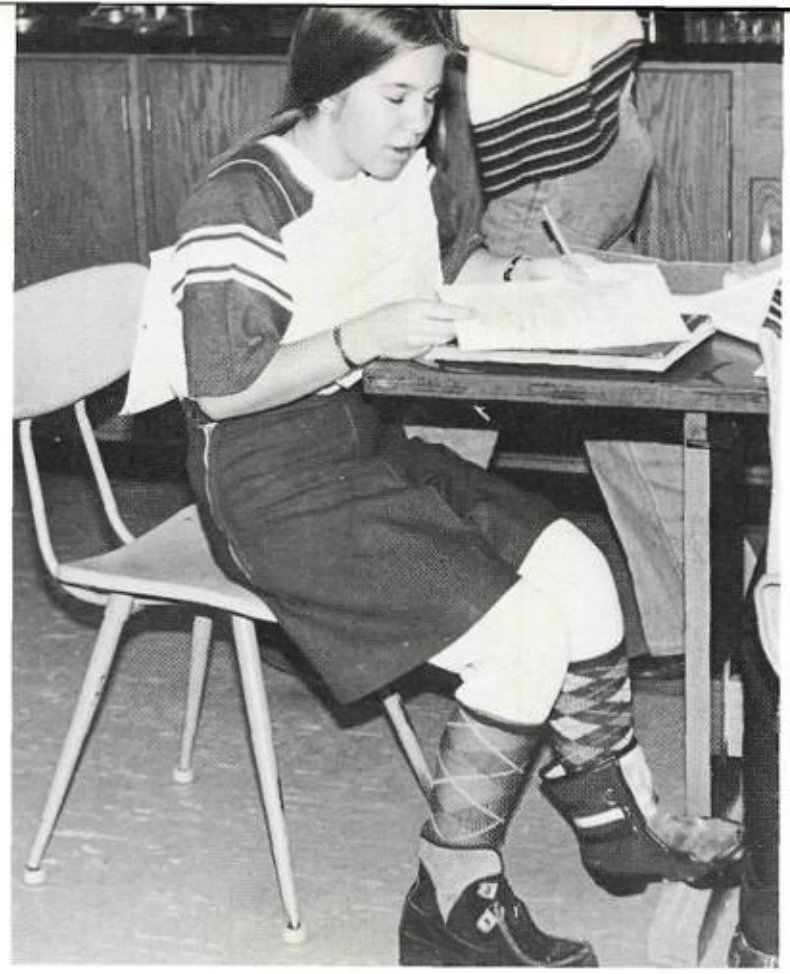
The best part about football games was: when we scored; checking out the football players; when the band does the "silent cheer"; the touchdowns; when we win; the harem that surrounded me; watching the chevals; being with my friends; the celebrating afterwards; looking at the cheerleaders; watching the boys playing so hard to win; when I got in the game.



Maybe if I close my eyes this thing will pass.

The best part about Gym class is: when the class ends; bowling; you get a chance to learn about most sports; less running; no swimming; you can stay in shape; the class; you only have one year of it; the co-ed teams; when we have a sub; seeing Miss B. get hit during battle ball; seeing the boys' gym class in shorts; playing basketball; gymnastics; participating.

My first day at SHS was like: being lost; a whole different life; trying to find your way around a big mess; a national disaster; any other first day of school; a rat in a maze; a chicken with his head cut off; going to a dentist; like the first day of 7th grade all over again; playing tackle football with the Vikings; being in a strange airport and late for your flight; a day without sunshine; eating soup with chopsticks; my first day in prison; a family reunion.

The best thing about the 4-day plan is: sleeping; having only 4 days of school; it makes the week go faster; minus one day of pain & frustration; doing your homework on your day off; having a break during the week; you can party the night before your day off; learning new things out of school; I have a whole day to go girl hunting; your day off.

I found upperclassmen to be: Really nice; cruel; fun; rowdy; sad; hotdogs; stuck-up; very experienced in cutting down sophomores; rude; twits; no better than sophomores; weird; one big nark squad; there and that's it; words can't describe; sickening; a bunch of melonheads.

Where are you sending the seniors who aren't going to college?

For those seniors who aren't going to college, there are many excellent job and career opportunities in the Army.

We offer some of the finest training available in over 300 good jobs. In communications, food service, electronics, law enforcement, to name just a few.

Just as important, we offer young people a chance to develop qualities that will help them in any career.

A positive attitude about work. A willingness to take on the unfamiliar. To accept and handle responsibility. The ability to get along with others.

An Army enlistment may be the perfect next step for one of your seniors.
